Scaffolding= impalcatura

Il docente fornisce gradualmente allo studente un supporto (l'impalcatura) che si traduce in:

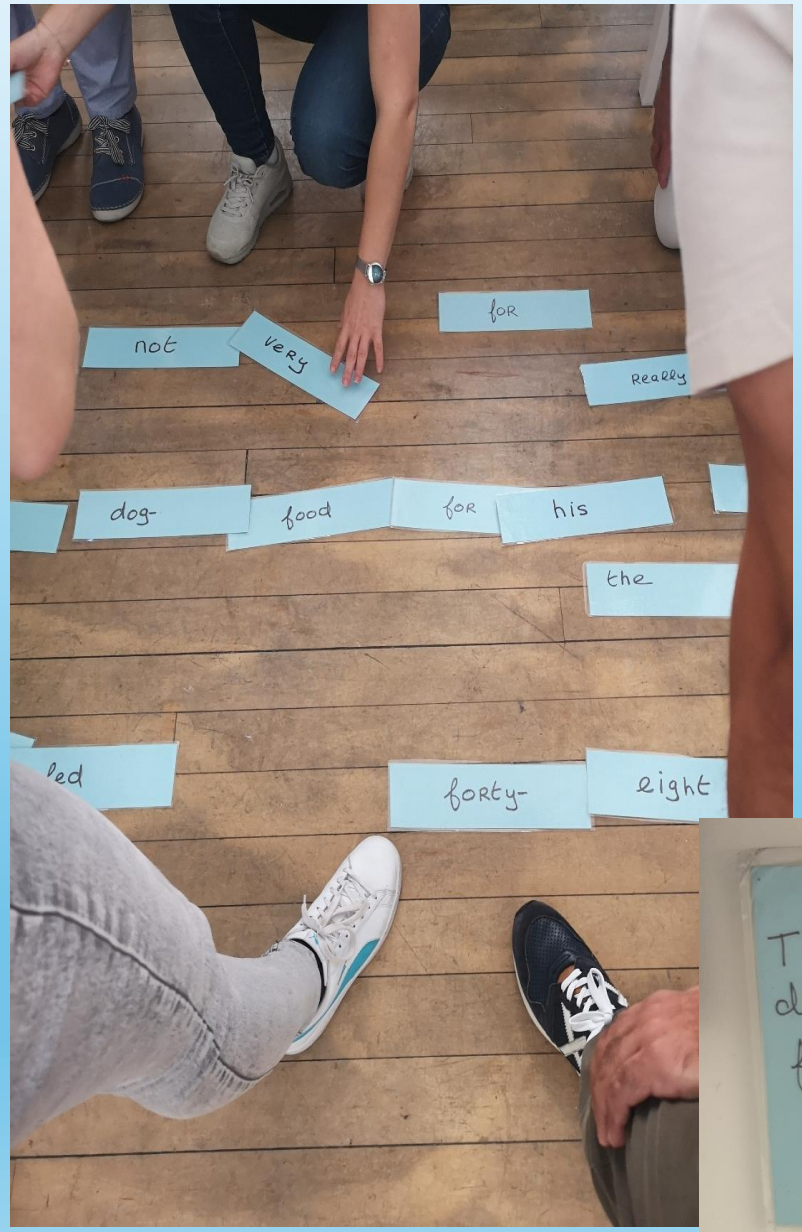

- strategie per migliorare la concentrazione e lo studio;
- strategie di apprendimento;
- mappe concettuali;
- tecniche di memorizzazione o di lettura veloce, ecc.

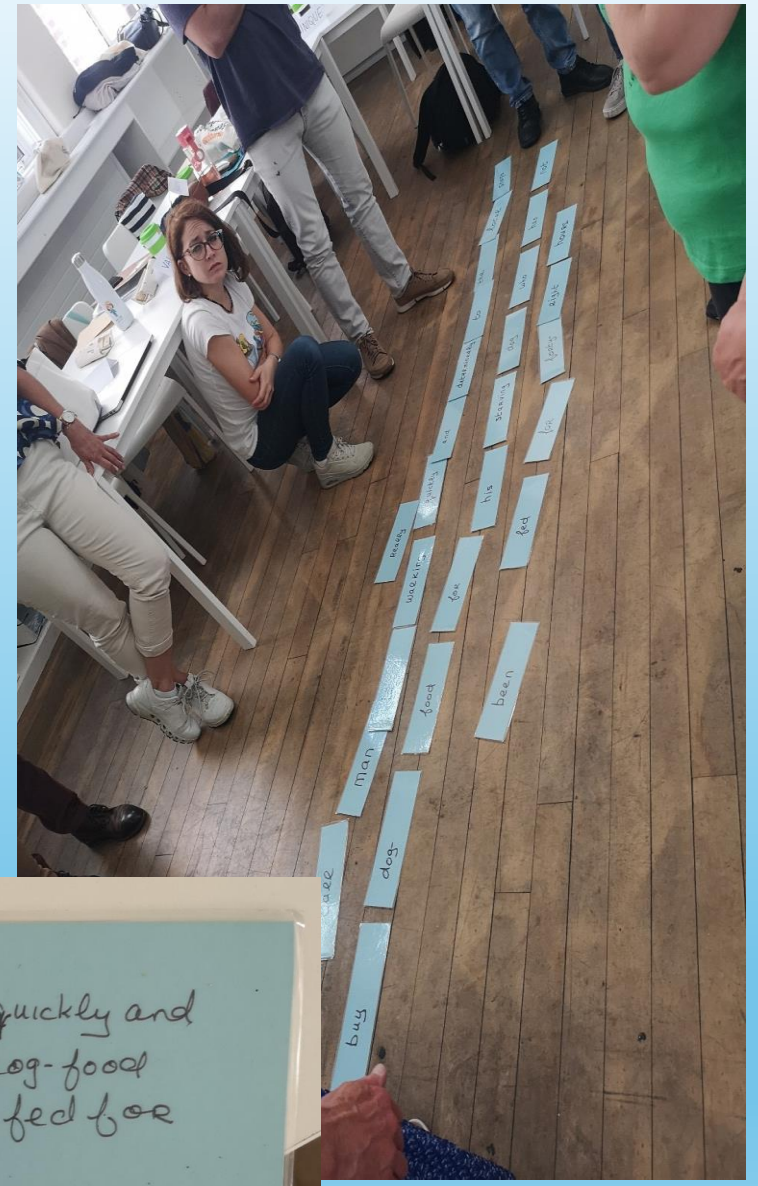

Ai primi segni di miglioramento e maggiore autonomia dello studente, l'impalcatura può e deve essere parzialmente smontata o sostituita fino alla sua rimozione totale quando l'apprendente sarà in grado di procedere in piena autonomia avendo fatto proprie le competenze *target*.

All her plans (23) _____

A country girl was walking along the snerd with a roggle of milk on her head. She began saying to herself, "The money I sell this milk for will make me enough money to increase my trund of eggs to three hundred.

These eggs will produce the same number of chickens and I will be able to sell the chickens for a large wunk of money. Before long, I will have enough money to live a rich and fallentious life.

All young men will want to marry me but I will refuse them with a ribble of the head –like this..."

As she ribbled her head, the roggle fell to the ground and all the milk ran in a white stream along the snerd, carrying her plans with it.
